
ViaMichelin For Windows 8 With Registration Code

ViaMichelin for Windows 8 is an easy-to-use and intuitive application that helps you find the most suitable route depending on your preferences. You can specify the type of car you are driving (hatchback, sedan, luxury, family or compact), as well as the type of fuel it is using. Additionally, you get a reminder every 2 hours that you need to take a break so you do not get overwhelmed by tiredness. Once you enter the initial and the destination points, ViaMichelin for Windows 8 will automatically suggest the most suitable route for you depending on the configuration you have set up. If you travel by car, ViaMichelin for Windows 8 can provide you with the most suitable route depending on the configuration you set up - you can mention if you want to avoid tolls, off-road connections of congestion charge zones. Furthermore, you can use the integrated map to highlight the nearest attractions, parking places, accommodation or eating venues and gas stations. Additionally, ViaMichelin for Windows 8 provides you with detailed information regarding the weather in the city you are planning to travel to, so you can get the current temperature, wind speed and humidity level. You also get a 5-day forecast for the same region. * Key Features: * One-click route discovery * 2-hour auto-route reminder * 5-day forecast * Weather in any region (France, Germany, Spain, UK, USA) * Local trip planning (France, Germany, Spain, UK, USA) * Auto-route guided for all possible travel modes (car, bus, taxi) * Weather forecast 5 days in advance (France, Germany, Spain, UK, USA) * Traffic sign support (enabling, permitting, forbidden) * Road network support (national, international) * Long-distance travel (over 200km, over 200 miles) * Premium car model support: LHD, RHD * Premium bus model support: Regular, Low-floor Twitter for Windows 8 is a free app for accessing, browsing and posting to Twitter. It is optimized for Windows 8 devices like tablets and Smart Phones. It supports the integrated Twitter search, direct from the app with no need for another browser. You can search for Tweets and user names with the integrated search and you can also keep yourself up to date with the latest Tweets by using the app's trending topics section. The interface is

What's New In?
